REPORT OF FEEDBACK ANALYSIS

OF

THE ACADEMIC YEAR

2019-20

INTRODUCTION:

In the academic year 2019-20, college has collected feedback from all the stakeholders i.e. from Students, Parents, Alumni and Employers. We have collected feedback by online as well as offline mode. Offline feedback forms were collected from the UG 1st and 2nd year students whereas online feedback were collected from UG last year and student of PG. Student has submitted their feedback on curriculum as well as on performance of teacher, whereas parents, alumni and employers submitted feedback on curriculum. Collected feedback forms were analyzed by feedback committee. This is collective report of online as well as offline feedback system.

NATURE OF FEEDBACK FORM (OFFLINE)

Feedback Form: Student Feedback on Curriculum

Name of the Student _____ Class _____ Year _____ Subject _____

Instruction: Tick (√) on appropriate option and write your opinion in provided space.

1. Do you like the curriculum of the subject?

- a. Yes b. No

2. If yes, write the reason in provided space.

3. Does the curriculum give sufficient knowledge of subject?

- a. Yes b. No

4. Do you get desired skills from the curriculum?

- a. Yes b. No

5. Is curriculum relevant to cross cutting issues?

- a. Yes b. No

6. If No, how your institution integrates these issues. Mention it in the provided space.

7. Is the term sufficient for completion of syllabus?

- a. Yes b. No

8. Do you want to delete some unit/chapter from existing syllabus? (If yes, mention their names)

9. Do you want to add some unit/chapter to existing syllabus? (If yes, mention their names)

10. Does the curriculum have a job potential?

- a. Yes b. No

NATURE OF FEEDBACK FORM (OFFLINE)

Feedback Form: Student Feedback on Teachers

Name of the Student _____ Class _____ Year _____

Name of the teacher _____ Subject of the Teacher _____

Instruction: Tick (√) on appropriate option and write your opinion in provided space.

11. Does the teacher use advanced student centric methods for enhancing your learning experiences?

- a. Yes b. No

12. If yes, specify which of the following methods.

- a. Experiential b. Participative c. Problem solving d. All these methods

13. Does the teacher use ICT tools for teaching?

- a. Yes b. No

14. If yes, specify which of the following.

- a. PPT b. Smart Board c. Videos e. Software's/Module

15. Is voice of the teacher clear and audible?

- a. Yes b. No

16. Does the teacher cover the allotted curriculum within a stipulated period?

- a. Yes b. No

17. Do you like the teaching of your teacher?

- a. Yes b. No

18. If yes, give the reason in provided space.

19. If No, give the reason in provided space.

20. Are you satisfied with his/her teaching?

- a. Yes b. No

Table-2: Response of Students

Sr. No.	Questions in Feedback form	No. of student agree with it.	No. of student not agree with it.
1	Do you like the curriculum of the subject?	181	-
2	If yes give the reason	--	-
3	Does the curriculum give a sufficient knowledge of subject?	179	02
4	Do you get desired skill from the curriculum?	179	02
5	Is curriculum relevant to cross cutting issue?	179	02
6	If no how your institution integrates these mention it	-	-
7	Is the semester/term sufficient for completion of syllabus?	176	05
8	Do you want to delete some units/chapter from existing syllabus? if yes mention name	01	182
9	Do you want to add some units /chapter from existing syllabus? if yes mention name	04	177
10	Does the curriculum have job Potential.	170	11

Analysis by Committee:

1. As per the feedback submitted by students on the curriculum, 181 students like the curriculum of the subject and agree with the statement that existing curriculum gives a sufficient knowledge of subject.
2. 179 students are of opinion that curriculum is relevant to different cross cutting issue. But the 02 students commented on curriculum of Entire computer science is not relevant to cross cutting issues: environment.
3. As per the feedback submitted by students, 05 students expressed their opinion that duration of semester is not sufficient with regard to curriculum. But on the other hand 176 students are satisfied with the duration of semester.
4. Few students commented to delete some units from the existing syllabus in the subject Physics. We have given a list of units/topics which student wants to delete from existing syllabus to the respective heads of the departments.
5. Few students wanted to add some unit in the existing syllabus in subjects Physics, Entire Computer Science, Botany and Zoology. Students of Physics wanted to add Current electricity and Electromagnetic waves in the curriculum. Students of ECS wanted to add Python language in the curriculum. Students of Botany wanted to add advanced ecology in the curriculum. Students of Zoology wanted to add biological tools and techniques in the curriculum. We have given a list of units/topics which students want to add in existing syllabus to the respective heads of departments. As ours is the autonomous college, we have sent it to respective Board of Studies.
6. 11 students commented on existing curriculum is not having job potential whereas 170 students commented on existing curriculum is having job potential.
7. As per the opinion of few students they are not getting desired skills from the existing syllabus.
8. Students have satisfactorily commented on the teaching methods like experiential, participative and problem solving methods.
9. As per the feedback, faculty have been conducting their lectures on PPT but the use of software's for teaching is need further strengthening.
10. We have discussed this report in the meeting of faculty.

7	Do you want to add some units from existing syllabus	27	266
8	Does the curriculum have job Potential.	345	18

Report of Analysis:

1. As per the feedback submitted by students on curriculum, existing curriculum gives a sufficient knowledge of subject.
2. 321 students are of opinion that, curriculum is relevant to solve the problem of environment. But the students of Physics, Chemistry and Mathematics submitted their opinion exactly opposite to it. According to them curriculum is not relevant to solve the problem of environment.
3. As per the feedback submitted by 21 students duration of semester is not sufficient with regard to completion of curriculum. But other students were satisfied with the duration of semester.
4. 11 students want to delete some units from the existing syllabus in different subjects. Committee has given a list of units/topics which student wants to delete from existing syllabus to the respective heads of departments.
5. 27 students wanted to add some unit in the existing syllabus of different subjects. The students of B.Sc. III, Physics wanted to add applied based physics in the curriculum. The students of B.Sc. III, Chemistry wanted to add synthetic reagent and Pharmaceutical in the curriculum. The students of B.Sc. III, Mathematics wanted to add factorial integration in the curriculum. The students of B.Sc. III, Statistics wanted to add C-language in the curriculum. The students of B.Sc. III Electronics, Java, C++ and robotics in in the curriculum. The students of B.Sc. III, Zoology wanted to add Genetics in the curriculum.
6. We have given a list of units/topics which students want to add in existing syllabus to the respective heads of departments.
7. 345 students are of opinion that curriculum according to different subjects have a job potential whereas 11 students are negatively commented on it.
8. 369 students are of opinion that they are getting desired skills from syllabus and 14 students are of opinion that they are not getting desired skills from the existing syllabus.
